Success Story

6-27-2005

Dear Stephanie and Charan,

Three times a week for nine weeks. I should have been tired of Physical Therapy at Bounce Back, but I wasn't! At no time during those nine weeks did I ever resist keeping my appointments, and now that I have had my final session I know I will suffer withdrawal symptoms! Bounce Back became my security blanket.

When I think about this I realize that you and your staff provide something beyond the professional know-how that brought me from a knee surgery "basket case" to a person with a knee that actually functions as a knee should. The two of you, Chuck, Lisa, Karen and Drist are so caring and so patient. All of you have a way of making each of your clients feel special.

I thank all of you for what you did for me - physically to make the knee work again, and psychologically to give me confidence.

Don't ever change!

Sincerely,
Lora

P.S. For the rest of my life Chuck will be on my shoulder saying, "Don't limp!"
